South Dakota Codified Laws Annotated, Sections 58-11-9 and 58-11-9.4, require that each motor vehicle liability policy delivered or issued for delivery in the state, provide uninsured (including hit-and-run) and underinsured motorist coverages in limits equal to the liability limits of the policy for bodily injury or death, but not exceeding \$300,000 because of bodily injury to or death in any one accident. The insured, at its option, may purchase uninsured and underinsured motorist coverage in excess of \$300,000 per accident, in an amount up to the liability limits of the policy.

The undersigned named insured agrees to purchase:

- 1) Uninsured Motorist coverage in the amount of \$\_\_\_\_\_ per accident.
- 2) Underinsured Motorist coverage in the amount of \$\_\_\_\_\_ per accident.

**NOTE:** If the named insured fails to select limits for uninsured and underinsured motorist coverage, those coverages will be provided in amounts equal to the bodily injury liability limit of the policy or \$300,000 per accident, whichever is lower.
