PERSONAL INJURY PROTECTION (NO-FAULT) COVERAGE

Minnesota law requires that Personal Injury Protection (PIP) coverage be provided in automobile insurance policies covering motor vehicles registered or principally garaged in Minnesota. Basic PIP benefits include a \$20,000 per person per accident limit for medical expenses, and a \$20,000 per person per accident limit for the total of income loss, replacement services, funeral expenses, survivor's economic loss and survivor's replacement services.

For an additional premium, you may elect stacking which allows an insured to add together limits for each covered auto in any one accident. Your policy will be issued with the Basic PIP benefits limits only and will not include stacking unless you select it.

Stacking Option

- For an additional premium, the Named Insured elects to purchase stacking of personal injury protection coverages.

I understand that my coverage election shall apply on the policy or policies in effect at the time this form is executed and all future renewal policies until I notify the Company IN WRITING of any changes.

My signature below, and/or payment of any premiums evidences my actual knowledge and understanding of the availability of these benefits and limits as well as the benefits and limits I have selected, rejected or accepted by default.
